

MVP Rules:

1 – The earned Point value is the max value between: 20 points or the losers Win Percentage.

2 – Maximum number of scored “Points” cannot exceed number of weeks in current season.

- All scores and win percentages will be frozen at that time for the player.

3 – MVP Points are calculated by Total Points multiplied by Win Percentages. All values are recalculated each week after new results are entered into the system.

4 – All MPV stats are reset back to zero at the beginning of each season.

Note: All matches and scores are available online.
